

Large File Share is a feature within the Secure Fax product. It can be used to securely send videos, x-rays, images, ppts, pdfs & more. This feature lets your team share up to 3GB worth of combined files simultaneously, with as many as 20 different email addresses.

Log into the portal <https://www.efaxcorporate.com/myaccount/login>

Click "Large File Share"

The dashboard contains six tiles:

- VIEW FAXES**: View, download and organize your faxes.
- SEND FAXES**: Send faxes with cover pages and attachments.
- REPORTS**: Run reports of your fax send and receive activity.
- ACCOUNT DETAILS**: View and update your profile and set preferences.
- LARGE FILE SHARE** (highlighted): Send large digital files to anyone. Powered by FuseMail. [Learn More](#)
- HELP**: Find the online help you need and get your FAQs answered.

Enter your recipients email address (up to 20 at a time)

LARGE FILE SHARE Powered by FuseMail

Start sharing your large files now!

Sender:
First and Last name only

To:
Separate emails by comma. Maximum 5 email addresses.

Subject:(optional)

Message:(optional)

Notify upon download

Choose File | No file chosen

Click "Choose File" and choose any files you want to share (up to 3GB)

This is identical to the previous form, but the **Choose File** button is highlighted with a red box.

Click “Send It” and eFax will instantly deliver your secure file link to the recipient’s email address
